Totally **practical**, the course addresses to participants who already have theoretical knowledge of the item in question. Public speaking expertise is a “must-have” tool in a manager’s toolbox. Developing the ability to expertly **balance content knowledge and presentation skills** is key to getting the message across and convincing an audience. This practical seminar covers the fundamentals of public speaking offering participants opportunities to improve their skills.

A chi è rivolto

Per chi

All those who need to address a given audience in a variety of settings (meetings of all sizes, conventions, seminars, briefings) and wish to grow their self-confidence and influencing skills while keeping their stress levels under check.

Prerequisiti

- This course is run in English. A **basic command of English** is therefore required.
- Participants are requested to join the course **having a speech ready** to go through.
